TASTING NOTES

With aromatic notes of fresh fruit you'll enjoy the scent of sweet watermelon, passion fruit, papaya, kiwi and freshly picked strawberries. This delicately colored White Zinfandel is a true crowd pleaser. Bursting with flavors of strawberries, refreshing watermelon and cranberry this wine is crisp and balanced to pair with a variety of foods. Serve with seafood, summer salads or just have a glass by itself on a warm summer day - Enjoy!

FOOD PAIRINGS

This White Zinfandel is considered a very "food friendly" wine. Best when served slightly chilled, this is a great wine to enjoy with an Asian chicken salad, Tandoori chicken, lamb and Chinese or Japanese cuisine. White Zinfandel is also a great choice with such easy dishes as Hawaiian pizza, cannelloni with meat, vegetable couscous, sweet and sour pork or with a loaf of French bread and Havarti cheese. Finish with a simple apple tart and a chilled glass of this delicious wine.

WINEMAKER'S NOTES

California's mild growing season provided winemakers with some of the best crops in recent history. Although crops were lighter and yields were down the quality was extremely good. Berry clusters were small, creating a greater skin to juice ratio, allowing the fruit to develop intense, varietal flavors. With a less than average rainfall, spring and summer were mostly mild, translating into quality grapes with good acidity, concentration and color. 2007 looks to be another great vintage.
